Explore our BitSound® range:

BIT SUN

BIT MARS

BIT EARTH

BIT MOON

BitSound® range has been designed and manufactured with utmost diligence and precision. Improved electrical parameters, outstanding mechanical resistance and remarkable flexibility enable excellent sound transmission even in the most demanding conditions.

BitSound® cables ensure:

- high audio fidelity, proper play of light
- optimized sound distribution in recording studios
- satisfying listening experience at home

BitSound® product range has been divided into four different series according to their application and customers' needs:

STUDIO	BIT SUN
STANDARD PRO	BIT MARS
STANDARD	BIT EARTH
ECONOMY	BIT MOON

Please feel invited to get acquainted with our BitSound® catalogue. We do hope our products will suit your audio-visual needs.
